752	<i>Farm Bureau warehouse.</i>		
801	Century S.W. S.A. Morman, a building materials supplier and former coal company, occupied this 3.5-acre site for many years until moving to Wyoming early in 1999. Railroad tracks up the side of the hill below Sheridan Avenue led to the coal bins, which were demolished when Owen-Ames-Kimball purchased the site and moved its shop and yard in March, 2000.
